DIRECTOR'S MESSAGE

In 2025, North Dakota Lottery players and retailers will see some exciting changes that will elevate the lottery experience. We are excited to announce an overhaul of the Mega Millions game, effective April 2025, bringing enhancements in price, prize structure, and player odds. Additionally, all our lottery retailer partners will receive brand new terminals and screens to replace the older systems later this year.

First, the revamped Mega Millions game, already known for its thrilling billion-dollar jackpots, will undergo significant enhancements! Players will enjoy a BIGGER, BETTER game:

- **BIGGER:** Starting jackpot will increase from \$20 million to \$50 million!
- **BETTER:** New built-in multiplier feature included in \$5 cost, multiplying ALL non-jackpot prizes X2 to X10 on every play! Win \$10 to \$50 by just matching the Mega Ball number! Match 5+0 and win \$2 million to \$10 million!

The enthusiasm surrounding these life-changing jackpots is real, especially after the recent billion-dollar Mega Million jackpot. We genuinely believe these enhancements will spark even more interest and ticket sales, paving the way for many future jackpots that start with a "B"!

Until April, our focus remains on delivering a fun-filled Mega Millions experience every Tuesday and Friday. As we move closer to this exciting launch,

both retailers and players will receive updates and details about the new game.

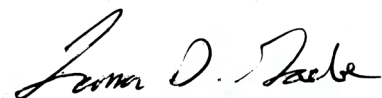

Following the Mega Millions changes, our valued retailers will receive brand new lottery terminals, screens, and related devices. We will coordinate closely with store locations to ensure that these installations occur at convenient times and where the devices work best to make it even easier for customers to enjoy lottery games.

There will be plenty of training opportunities throughout the summer for the new menus, screens, and selling options that will be adopted with the changeover. Employees will have access to training videos and how-to menus on the devices themselves, allowing for learning in a flexible, accessible way that optimizes their experience with the Lottery's offerings.

The North Dakota Lottery is diligently working on updating game rules, procedures, software, and hardware to support these major modifications.

We are excited to introduce these changes aimed at enhancing the fun experience of lottery games and streamlining the sales process. We value our partnership with you.

If you have any questions or comments, please reach out to the Lottery office at 701-328-1574, and get ready for a journey of change ahead with the North Dakota Lottery!

MANUALLY CASHING TICKETS

Lottery tickets can be cashed from any screen using the bar-code scanners. In the case that a bar-code is unreadable, tickets can be cashed manually. To manually cash lottery tickets:

1. From any screen, touch the **CASH** tab;
2. Touch the **[Cash Draw Ticket]** button and confirm that the **Mode** is set to **New Format**;
3. Use the keypad to enter the serial number and touch **[OK]**.
4. On the Security Key screen, use the keypad to enter the 35 alpha-numeric Security Key located below the serial number, then press **[OK]**.
5. The terminal prints a receipt.
6. Give receipt to player as well as return all winning and non-winning tickets to player.
