1. An applicant shall initially apply for a license for a site on a form prescribed by the lottery and remit an application fee of fifty dollars that is not refundable. The licensing fiscal year is October first through September thirtieth. An applicant may apply for a license for more than one site. A separate application is required for each site. Approval of an applicant is within the sole discretion of the lottery. Only one retailer may have a license for a specific site. A retailer shall apply for a renewal license for a site before October first of each year.
2. If the lottery approves an applicant for licensure for a site, the applicant shall remit a license fee of five hundred dollars for the applicant's first year for that site within fourteen days of when the applicant is notified by the lottery of its pending licensure. This fee is not prorated or refundable unless an applicant is disqualified according to section 10-16-02-03 before the applicant sells a ticket or a new owner purchases or leases a site and applies for a license before the former owner sells a ticket. After the first partial or full year of licensure, the annual license renewal fee for the site is one hundred fifty dollars and is not prorated or refundable on or after October first.
3. If a licensed alcoholic beverage establishment and an organization that is licensed under North Dakota Century Code chapter 53-06.1 to conduct a game of chance at that site both apply for a license for the site, the establishment has the first privilege. 5. The lottery may license a retailer on a seasonal or temporary basis for a special event or lottery promotion. A special event is an infrequent, significant, and identifiable activity in the community, such as a fair. The director of the lottery may waive the application or license fee, or both, for a temporary site for a presently licensed or new retailer that sells a ticket on a temporary basis at the site for a special event or lottery promotion.

6. The lottery may issue a conditional license to an applicant, shall designate the time period for which the license is valid, and may impose any conditions related to:
 - a. Determining whether an applicant or retailer is eligible for a license;
 - b. Issuing a license to an applicant or retailer whose regular license has been relinquished, suspended, or revoked;
 - c. Applying a minimum sales quota on an applicant or retailer;
 - d. Requiring an applicant or retailer to reimburse the lottery for the lottery's net cost of installing and maintaining the terminal and telecommunications equipment at a business if the applicant or retailer does not meet or maintain a mutually agreed minimum sales quota; or
 - e. Accessibility of a retailer to an individual who is disabled.
7. A license is a privilege and an applicant or retailer does not have a vested or legal right to the license.
8. Except as provided by subsection 5, an applicant's site must be a permanent business location.
9. The lottery may require a security deposit from an applicant or retailer.
10. If required by law, an applicant must be currently registered with the secretary of state.
11. A license may not be sold, transferred, assigned, pledged, or otherwise conveyed from a retailer to another person.
12. A retailer shall provide the lottery a thirty-day written notice of the retailer's intent to sell or otherwise transfer ownership of the retail business to another person. The acquiring person shall apply for a new license for that site if the person desires to be a retailer.
13. If a license becomes lost or destroyed, a retailer shall apply for a duplicate license and explain to the lottery what happened to the original license.
- ~~14. If the lottery denies an applicant a license, the lottery shall notify the applicant and state the reason for the denial.~~
- ~~15.~~14. If a license is revoked and reinstated within the same licensing fiscal year, no additional license fee is due.

10-16-03-05. Sale or gift of a ticket. (Effective after September 27, 2025)

1. Only a retailer may sell a ticket and only at the site listed on a license. The sales price of a ticket is exempt from sales tax. Except as authorized by the lottery or for a lottery promotion, or delivery of a ticket by a retailer, a complete sales transaction between the retailer and a player must occur at a terminal or a ~~player-activated~~self-service terminal, including the exchange of money, exchange of a play slip if the player uses it, and exchange of the ticket. The retailer shall accept mobile payment services, cash or debit card and may accept a check from a player. The retailer may not extend credit to a player or accept a ~~food stamp~~Supplemental Nutritional Assistance Program (SNAP) or ~~food coupon~~Electronic Benefits Transfer (EBT card) as consideration for a ticket. A player shall pay for a ticket when the ticket is bought from a retailer. A retailer may not loan money to a player or accept a postdated check from the player. A retailer is responsible for a check that is not collectible for any reason. This subsection does not prevent an individual who may lawfully buy a ticket from giving a gift of the ticket to another individual, or prevent a business or organization from purchasing a ticket and providing it as a gift or prize to an individual, except to an individual under age eighteen or an ineligible player according to section 10-16-03-02.
2. An individual may buy a ticket on behalf of another individual or group of individuals, provided that the individual provides the ticket without charging a procurement fee and the other individual is not, or the group of individuals does not include, an individual under age eighteen or an ineligible player according to section 10-16-03-02.
3. Except for a ~~subscription~~iLottery play, a player shall place a play through a retailer that acts as an agent for the player in entering the play. The player shall place a play by using and hand-marking a play slip provided by the retailer or requesting the retailer to place a quick pick. The retailer may assist and train a player how to complete a play slip. It is the sole responsibility of the player to verify the accuracy of a game play and other data printed on a ticket. The retailer may not use a copy of a play slip or other material in a terminal's play slip reader or permit a device to be connected to a terminal to enter a play.
4. A retailer shall use a terminal to issue a ticket containing the selected sets of numbers, letters, or symbols each set of which is a play. A retailer's sale of a ticket is final. A player may not void or cancel a ticket by returning the ticket to the retailer and the retailer may not buy back a ticket from a player. If data printed on a ticket is incorrect, a ticket is printed in error, an employee, volunteer, or agent of a retailer steals a ticket from the retailer, or if any other issued ticket can be used to claim a prize, the retailer cannot void or cancel the ticket or return the ticket to the lottery for credit. If the retailer cannot sell the ticket, the retailer owns the ticket and may redeem a winning ticket. However, the lottery may credit a retailer's account for a ticket that is illegible, mutilated, or otherwise defective as it was printed and that because of its physical condition cannot be sold. A retailer shall comply with a policy of the lottery related to criteria for sending a claim for credit of a defective ticket to the lottery. The retailer may not send a defective ticket to the lottery until after the draw for the game for which the ticket was issued.
5. A retailer shall sell a ticket only for the standard price of the ticket. However, a retailer may do a promotion for a period not to exceed ninety consecutive days in any six-month period in which a retailer offers a ticket for sale through a discount provided that the retailer accounts for the standard price of the ticket to the lottery. A discount includes, for example, selling six tickets for the price of five tickets, selling two tickets for the price of one ticket, and selling a ticket for one-half price. A retailer may buy a ticket for the standard price of the ticket and offer it, at no charge, to an individual. A recipient of a ticket in a promotion may not be under age eighteen or an ineligible player according to section 10-16-03-02. A retailer may conduct other promotions, including:

- a. Second chance drawings of winning or nonwinning tickets or other entry forms provided that an individual may not be required to purchase anything to participate in the drawing;
 - b. Giving away a ticket with the purchase of a product or service;
 - c. Giving away or discounting a product or service with the sale of a ticket or return of a number of nonwinning tickets; and
 - d. With the purchase of a ticket, an individual may spin a wheel, for example, to select a free prize, product, or service.
6. An individual who buys or accepts a ticket, attempts to redeem a ticket for a prize, or otherwise participates in a draw agrees to comply with and abide by the lottery law, rules, procedures, policy, MUSL or game group rule or game rule, and decision of the lottery.
7. An individual who buys or accepts a ticket, attempts to redeem a ticket for a prize, or otherwise participates in a draw agrees to accept the decision of the lottery regarding the validity of the ticket, and any prize payment determinations relating to that ticket, and to release the state, lottery, MUSL, game group, and their officers, employees, agents, representatives, and contractors from any liability regarding that ticket or payment of that prize and are not responsible or liable for:
- e. A lost or stolen ticket or incorrectly read play slip; or
 - f. Paying a prize related to a damaged, destroyed, erroneous, illegible, or mutilated ticket.

History: Effective February 1, 2004; amended effective November 8, 2005; July 1, 2008; July 6, 2014; July 1, 2019; July 1, 2025; September 28, 2025.

10-16-03-07. Validation of a ticket or cash voucher.

1. A retailer shall use a terminal to validate a ticket or cash voucher before the retailer may pay a prize on the ticket or cash voucher. A retailer that pays a player a prize without first validating the ticket or cash voucher assumes the financial risk that the ticket is not an actual winning ticket, the ticket was previously redeemed, or that the cash voucher was previously redeemed. The lottery may not reimburse a retailer for a prize paid in error by the retailer. A ticket that does not pass validation is invalid and ineligible for a prize. A cash voucher that does not pass validation is invalid for cashing. Except as provided by subsection 18 of section 10-16-03-08, an original ticket is the only proof of a game play and submitting a winning ticket to the retailer or lottery is the only method of claiming a prize. A play slip, a copy or photo of a winning ticket, or a copy or photo of a cash voucher do not have monetary or prize value and are not evidence of a ticket bought or of numbers selected for a draw. A ticket must have been bought from a North Dakota retailer and meet the following validation requirements:
- a. A retailer must have issued the ticket in an authorized manner;
 - b. The play, including the combination of numbers, letters, or symbols selected by a player or quick picked, evidenced by the ticket, must reach and be accepted and recorded by the lottery's ~~online~~central gaming system before the cutoff time for a draw. The draw for a game is held on the days determined by the game group. Even if a player intends for a retailer to enter the player's play before the cutoff time for the present draw, the play is only eligible for the draw that is printed on the ticket;
 - c. The ticket or cash voucher must not have been previously paid or voided by the lottery;
 - d. The ticket or cash voucher must not have been stolen, or be counterfeit, altered, mutilated, reconstructed, unreadable, illegible, irregular, partly blank, incomplete, defective, or an

exact duplicate of another winning ticket. The game group, MUSL, and lottery are not responsible for a ticket that is altered in any manner;

- e. A ticket or cash voucher is void unless the ticket is printed on a paper stock roll that was validly issued to and used by the retailer that sold the ticket;
 - f. The ticket or cash voucher validation number must be legible, intact, presented in its entirety, and correspond, based on the lottery's computer validation file, exactly to the date and selected numbers printed on the apparent winning ticket that was sold at a specific site;
 - g. The ticket or cash voucher may not be marked in any way, except by a player to place a signature on the back side of the ticket to claim a prize or by a retailer to deface or void the ticket after it was redeemed, with the intent to commit fraud;
 - h. If the total prize value of all plays of a winning ticket is ~~five~~^{fifty} thousand dollars or more, the ticket must pass a confidential security check by the lottery;
 - i. Upon request by the lottery, a claimant of an apparent winning ticket shall disclose to the lottery the name of the retailer from whom the claimant bought the ticket, date of purchase, and approximate time; and
 - j. A validation requirement adopted by the MUSL or game group.
2. After a retailer validates a winning ticket or cash voucher, the retailer shall, if sufficient funds are available, pay the player the prize value. However, a retailer shall redeem a winning ticket or cash voucher that has a prize value of fifty dollars or less. A retailer shall return the winning ticket or cash voucher and the player copy of the terminal receipt to the player and retain the retailer copy of the terminal receipt for recordkeeping purposes. After a retailer validates a nonwinning ticket, the retailer shall return the nonwinning ticket and player copy of the terminal receipt to the player. The player may discard a redeemed winning or nonwinning ticket and player copy of the terminal receipt.
 3. The lottery shall credit a retailer's account for a prize actually paid by the retailer on a validated redeemed winning ticket or cash voucher.
 4. The lottery's determination on a contested validation is final.

10-16-03-08. Claim of a prize. (Effective through February 21, 2026)

A prize for a validated winning ticket must be claimed as follows:

1. A prize may not be awarded and the lottery is not liable for a ticket not submitted for validation or for an announcement or dissemination by the lottery or any other individual of an incorrect number, letter, or symbol drawn.
2. A ticket bought or used to claim a prize in violation of federal or state law, or bought in violation of the lottery law or rules, is void and may not be used to claim a prize.
3. A ticket for a prize must be received or presented at the lottery office within one hundred eighty days after the date of a draw for the game for which the ticket was issued. If the final day of the claim period is a Saturday, Sunday, or state holiday, the claim period is extended to the next business day. An unclaimed prize is forfeited and retained by the lottery. However, if the grand prize for the game of POWERBALL®, MEGA MILLIONS®, or LOTTO AMERICA® is unclaimed,

then MUSL shall administer the grand prize money. If the top prize or second prize for LUCKY FOR LIFE® is unclaimed, the lottery's liability for that prize expires and no settlement of funds will be scheduled. If a lower tier prize for LUCKY FOR LIFE® is unclaimed, the lottery's liability for that prize expires and is allocated back to the lottery in relation to the sale's percent for the specific drawing.

4. An individual who owns or redeems a winning ticket:
 - a. Agrees to be bound by the lottery law, rules, procedure, policy, validation requirements, dispute resolution, and game group game rules related to the game for which the ticket was issued; and
 - b. Agrees that the state, lottery, the MUSL, game group, and their officers, employees, agents, representatives, and contractor are discharged from any liability upon payment of a prize on a ticket.
5. The owner of a winning ticket may win only one prize per play for the winning numbers, letters, or symbols drawn and is entitled only to the prize won by those numbers in the highest matching prize category.
6. A retailer may redeem a ticket only at the business address listed on the license. The retailer may pay a prize in cash or by business check, certified or cashier's check, money order, or combination of methods.
7. An individual may redeem a winning ticket for a prize only during the normal business hours of a retailer provided that the lottery's online-computer-central gaming system is operating and a ticket ~~may can~~ be validated. If the retailer is normally open for business before or after the hours when the lottery's on-line-computer-central gaming system operates, the retailer shall post the hours at the site when an individual may redeem a ticket.
8. To claim a prize for an apparent winning ticket of less than six hundred dollars, a player may:
 - a. Present the ticket to a retailer, regardless of which retailer sold the ticket; or
 - b. Complete the back side of the ticket by entering the individual's full name and address and signing the ticket, and present or mail the ticket to the lottery's office.
9. If a ticket has a prize value of less than six hundred dollars, is owned by one individual, and is presented to a retailer, the retailer may redeem the ticket and pay the prize to the individual who physically possesses an unsigned ticket or to the individual whose signature is shown on the ticket. If an individual desires to redeem a winning ticket that is signed, the retailer shall request evidential proof of identity from the player before the retailer may validate or pay the prize. If the player does not provide proof of identity, the retailer may not validate the ticket or pay the player a prize and shall return the ticket to the player. For an unsigned ticket or a signed ticket in which the ticket holder is the identified owner, the retailer shall validate the ticket and, for a winning ticket, pay the prize to the player. If the retailer is unable to validate a ticket, the retailer shall provide the ticket holder with a prize claim form and instruct the ticket holder how to file a claim with the lottery.
10. If an apparent winning ticket has a total prize value of all plays of six hundred dollars or more and one individual signed or claims ownership of the ticket, a retailer may not redeem the ticket and shall provide the ticket holder with a prize claim form and instruct the ticket holder how to file a claim with the lottery. The ticket holder shall complete and sign the form and back side of the ticket and present or mail the form and ticket to the lottery. For a validated winning ticket, the lottery shall present or mail a check to the player for the amount of the prize, less withholding of income tax required by federal or state law and any debt setoff according to section 10-16-01-03, unless the payment is delayed according to section 10-16-03-12. The lottery shall pay the prize to the individual whose name is on the ticket, notwithstanding the name on the claim

form. For a nonwinning ticket, the lottery shall deny the claim, notify the claimant, and return the ticket.

11. If more than one individual signed or claims ownership of an apparent winning ticket, the retailer shall provide the claimant with a prize claim form and instruct the claimant how to file a claim with the lottery, as follows:
 - a. Each individual who claims part ownership of the ticket shall complete and sign the prize claim form and designate the individual's percentage of ownership and, if subdivision d applies, the one authorized payee;
 - b. At least one of the individuals who claim ownership shall sign the ticket and that signature must be on the prize claim form;
 - c. The prize claim form and ticket must be presented or mailed to the lottery;
 - d. For a validated ticket, if the amount of the prize allocated to each claimant is six hundred dollars or more, the lottery shall present or mail a separate prize check to each claimant. The lottery shall present or mail a check to each claimant for the amount of each player's prize, less withholding of income tax required by federal or state law and any debt setoff according to section 10-16-01-03, unless the payment is delayed according to section 10-16-03-12. If the prize allocated to each claimant is less than six hundred dollars, at the claimant's request, the lottery shall issue a single prize check to the individual designated and authorized on the prize claim form to receive payment of the prize on behalf of all the claimants or present or mail a check to each claimant for the amount of each player's prize; and
 - e. Notwithstanding subdivision d, if the claimants desire to designate one individual in whose name the entire claim may be made and list the individuals to whom the winnings are taxable, the claimants may file, along with a ~~claim~~ prize claim form, internal revenue service form 5754 (statement by person(s) receiving gambling winnings) with the lottery.
12. The lottery shall pay a prize to a player within a reasonable time after the player's winning ticket is validated by the lottery.
13. Except as provided by rule, if two or more plays win the grand prize, the prize money must be divided equally among the players whose tickets won. Except as provided by rule, for a set prize, each player wins the set amount of a prize regardless of whether two or more players have winning tickets for the prize.
14. The lottery is not liable for a ticket not delivered to the correct address of the lottery or a delay in delivery of a ticket or damage to a ticket while being delivered to the lottery.
15. A player who redeems a winning ticket is solely responsible for any federal or state income tax liability related to the prize.
16. An individual's right to a prize is assignable and payment of a prize may be made to an individual pursuant to an appropriate judicial order.
17. A prize may not be payable to a trust until after the lottery conducts a debt setoff on the beneficiaries of the trust.
18. If a player redeems an original multi-draw ticket before the ticket's last draw and a retailer returns the original ticket, rather than an issued exchange ticket, to the player, the lottery may not pay another prize on the original ticket until after the exchange ticket expires and has not been redeemed.
19. A winning ticket with a total prize value of all plays of six hundred dollars or more may not be paid to an individual who is identified as being in the United States illegally.

10-16-04-01. Game description.

To play POWERBALL®, a player selects five different white numbers, between one and sixty-nine, and one additional red number (~~powerball~~Powerball) between one and twenty-six. The additional number may be the same as one of the first five numbers selected. The price of a play is two dollars. A grand prize is paid, at the election of a winning player or by a default election made according to these rules, either on an annuitized pari-mutuel basis or as a cash lump sum payment of the total cash held for the prize pool on a pari-mutuel basis. A set prize (cash prize of one million dollars or less) is paid on a single-payment cash basis. Draws are held every Monday, Wednesday, and Saturday.

10-16-04-06. Power ~~play~~Play option.

1. The ~~power play~~Power Play option is a limited extension of the POWERBALL® game and is conducted according to the game group's game rules. The option offers the owner of a qualifying play a chance to multiply or increase the amount of a set prize.
2. A qualifying play is a single POWERBALL® play for which the player pays an extra one dollar for the ~~power play~~Power Play option. ~~Power play~~Power Play does not apply to the grand prize.
3. A qualifying play which wins one of the seven lowest set prizes (excluding the match 5+0 prize) will be multiplied by the number selected, two through five or sometimes ten, in a separate random ~~power play~~Power Play drawing. The match 5+0 prize, for players selecting the ~~power play~~Power Play option, shall be paid two million unless a higher limited promotional dollar amount is announced by the game group or unless a lower dollar amount is announced by the game group under its limitation of liability rules.
4. A prize awarded must be paid as a lump sum set prize. Instead of the normal set prize amount, a qualifying ~~power play~~Power Play will pay the amounts shown below when matched with the ~~power play~~Power Play number drawn:

POWERBALL® Pays Instead

<u>Matches Per Play</u>	<u>Set Prize Amount</u>	<u>Prize Amount With Power Play Purchase</u>				
		<u>10X</u>	<u>5X</u>	<u>4X</u>	<u>3X</u>	<u>2X</u>
5 white + 0 red	\$1,000,000	\$2,000,000	\$2,000,000	\$2,000,000	\$2,000,000	\$2,000,000
4 white + 1 red	\$50,000	\$500,000	\$250,000	\$200,000	\$150,000	\$100,000
4 white + 0 red	\$100	\$1,000	\$500	\$400	\$300	\$200
3 white + 1 red	\$100	\$1,000	\$500	\$400	\$300	\$200
3 white + 0 red	\$7	\$70	\$35	\$28	\$21	\$14
2 white + 1 red	\$7	\$70	\$35	\$28	\$21	\$14
1 white + 1 red	\$4	\$40	\$20	\$16	\$12	\$8
0 white + 1 red	\$4	\$40	\$20	\$16	\$12	\$8

Rarely, under the game group's limitation of liability rules, a set prize amount may be less than the amount shown. In that case, the eight lowest ~~power play~~ Power Play prizes will be changed to an amount announced after the draw. For example, if the match 4+1 set prize amount of fifty thousand dollars becomes twenty-five thousand dollars under the game group's rules, a ~~power play~~ Power Play player winning that prize amount when a "5" has been drawn would win one hundred twenty-five thousand dollars (\$25,000 x 5).

5. The following table reflects the probability of the ~~power play~~ Power Play numbers being drawn: When the 10X multiplier is available:

<u>Power Play</u>	<u>Probability of Prize Increase</u>
10X - Prize won times 10	1 in 43
5X - Prize won times 5	2 in 43
4X - Prize won times 4	3 in 43
3X - Prize won times 3	13 in 43
2X - Prize won times 2	24 in 43

When the 10X multiplier is not available:

<u>Power Play</u>	<u>Probability of Prize Increase</u>
10X - Prize won times 10	0 in 42
5X - Prize won times 5	2 in 42
4X - Prize won times 4	3 in 42
3X - Prize won times 3	13 in 42
2X - Prize won times 2	24 in 42

6. The 10X multiplier for the seven lowest prize levels shall at a minimum be available for all drawings in which the advertised grand prize amount is one hundred fifty million dollars or less.

~~Power play~~ Power Play does not apply to the grand prize. A ~~power play~~ Power Play match of 5+0 prize is set at two million dollars, regardless of the multiplier selected. The game group may elect to run limited promotions that may modify the multiplier features.

1. The prize pool for all prize categories must consist of fifty-one percent of each draw period's sales after the prize reserve account is funded.
2. The prize pool percentage allocated to prizes must be carried forward to a subsequent draw if all or a portion of it is not needed to pay the prizes awarded in the current draw.
3. If there are more than ten grand prize winning plays in a draw, the following applies:
 - a. For a draw on Sunday, Monday, Wednesday, Thursday, Friday, and Saturday, the maximum grand prize liability is two hundred twenty thousand dollars which is paid on a pari-mutuel basis among all grand prize winning plays.

10-16-11-04. Prize liability limits.

There are ten prize levels in the game.

1. Except as provided in these rules, the top prize must be annuitized and based on a top prize liability that will be split equally among the number of winning game tickets. A top prize winner may request the cash option, the amount of which is to be established by the game group for a defined period of drawings. Notice of the amount of and changes to the cash option must be posted on the game's website. Under certain circumstances, as detailed below, the top prize is required to be paid in a single lump sum cash payment and no annuitized payment option is available.
 - a. One top prize winner. If there is one top prize winner, the annuitized prize value will be seven thousand dollars per week for life. As an alternative to the annuitized payment option, the top prize winner may request the top prize cash option.
 - b. Two to fourteen top prize winners. If there are between two and fourteen top prize winners, the annuitized prize option, based on an annuitized prize value of seven thousand dollars per week, will be divided by the total number of top prize winners. Any of these two to fourteen top prize winners may choose the cash option as an alternative to the annuitized payment option. The amount of the cash option for this category will be the amount of the top prize cash option divided by the total number of top prize winners.
 - c. Fifteen or more top prize winners. If there are fifteen or more top prize winners, the top prize liability will be capped at seven million one hundred twenty-five thousand dollars, must be split equally among all top prize winners, and paid in a single lump sum cash payment without an annuitized payment option.
 - d. The winner or winners of the top prize who do not request the cash option must be paid their appropriate top prize share on an annual basis for a minimum period of twenty years. The first top prize payment will be made when the prize is claimed at the lottery's office.
 - e. Measuring life. For a single wager, the measuring life of a top prize winner used to determine the duration over which the top prize is paid, shall be the natural life of the individual determined by the lottery to be the top prize winner. If the top prize under a single wager is being claimed by more than one individual or by a trust, the measuring life for that top prize winner shall be twenty years.
 - f. If paid in a single lump sum cash payment, top prize amounts will be rounded to the nearest whole dollar.

2. ~~Except as provided in these rules, the second prize winner will be paid twenty-five thousand dollars a year for life. A second prize winner may request the cash option, the amount of which is to be established by the game group for a defined period of drawings. Notice of the amount of and changes to the cash option must be posted on the game's website. Under certain circumstances, as detailed below, the second prize is required to be paid in a single lump sum cash payment and no annuitized payment option is available.~~
- a. ~~One to twenty second prize winners. If there are between one and twenty second prize winners, the annuitized prize value will be twenty-five thousand dollars per year for life. Any of these one to twenty second prize winners may choose the second prize cash option as an alternative to the annuitized payment option.~~
 - b. ~~Twenty-one or more second prize winners. If there are twenty-one or more second prize winners, the second prize liability is capped at nine million four hundred thousand dollars, must be split equally among all second prize winners, and paid in a single lump sum cash payment without an annuitized payment option.~~
 - c. ~~The winner or winners of the second prize who do not request the cash option must be paid their appropriate second prize share on an annual basis for a minimum period of twenty years. The initial second prize payment will be made when the prize is claimed at the lottery's office; subsequent second prize payments will be made annually thereafter.~~
 - d. ~~Measuring life. For a single wager, the measuring life of a second prize winner used to determine the duration over which the second prize is paid, is the natural life of the individual determined by the lottery to be the second prize winner. If the second prize under a single wager is being claimed by more than one individual or by a trust, the measuring life for that second prize winner is twenty years.~~
 - e. ~~If paid in a single lump sum cash payment, second prize amounts will be rounded to the nearest whole dollar.~~
3. ~~Except as provided in these rules, the third prize will be paid as a five thousand dollar set prize. If there are more than one thousand winners of this prize level in a single drawing, the total prize liability of five million dollars will be split equally among the winners. Under no circumstances, however, will the value of the third prize fall below a minimum prize value of two hundred dollars per winner regardless of the number of winners. Third prizes will be rounded to the nearest whole dollar and paid in a single lump sum cash payment.~~

10-16-12-03. Prize pool and payment.

1. The prize pool for all prize categories must consist of fifty percent of each draw period's sales after the prize pool accounts and prize reserve accounts are funded.
2. The prize money allocated to the grand prize pool must be divided equally by the number of plays that win the grand prize. If the grand prize is not won in a draw, subject to any restrictions by the game group, the prize money allocated for the grand prize must roll over and be added to the grand prize pool for the next draw.
3. If there are multiple grand prize winning plays during a draw, each player selecting the annuitized option prize, then a winning play's share of the guaranteed annuitized grand prize must be determined by dividing the guaranteed annuitized grand prize by the number of winning plays.
4. A grand prize must be paid, at the election of the winning player made within sixty days after the player becomes entitled to the prize, with either a per winning player annuity or cash payment. If the payment election is not made by the player within sixty days after the player becomes entitled to the prize, then the prize must be paid as an annuity prize. An election for an annuity payment made by a player may be changed to a cash payment at the election of the player until the expiration of sixty days after the player becomes entitled to the prize. Otherwise, the payment election is final. Shares of the grand prize must be determined by dividing the cash available in the grand prize pool equally among all winning plays of the grand prize. A player who elects a cash payment must be paid the share in a single cash payment. A player who elects an annuitized prize must be paid annually in thirty graduated payments with the initial payment being made in cash, followed by twenty-nine payments, increasing each year, by a rate determined by the game group funded by the annuity. Annual payments after the initial payment must be made by the lottery on the anniversary date or if this date falls on a nonbusiness day, then the first business day following the anniversary date of the draw of the grand prize winning numbers.
5. The lottery may not pay a grand or set cash prize until after it receives authorization from the MUSL. The lottery may pay the prize before it receives the funds from the MUSL.
6. The prize pool percentage allocated to set prizes must be carried forward to a subsequent draw if all or a portion of it is not needed to pay the set prizes awarded in the current draw.

10-16-12-04. All Star Bonus option.

1. The All Star Bonus® option is a limited extension of the LOTTO AMERICA® game and is conducted according to the game group's game rules. The option offers the owner of a qualifying play a chance to multiply or increase the amount of a set prize.
2. A qualifying play is a single LOTTO AMERICA® play for which the player pays an extra one dollar for the All Star Bonus® option. All Star Bonus® does not apply to the grand prize.
3. A qualifying play which wins one of the eight lowest set prizes will be multiplied by the number selected, two through five, in a separate random All Star Bonus® drawing.
4. A prize awarded must be paid as a lump sum set prize. Instead of the normal set prize amount, a qualifying All Star Bonus® will pay the amounts shown below when matched with the All Star

Bonus® number drawn:

LOTTO AMERICA® Pays Instead

<u>Matches Per Play</u>	<u>Set Prize Amount</u>	<u>Prize Amounts With All Star Bonus® Purchase</u>			
		<u>5X</u>	<u>4X</u>	<u>3X</u>	<u>2X</u>
5 red/white + 0 blue/white	\$20,000	\$100,000	\$80,000	\$60,000	\$40,000
4 red/white + 1 blue/white	\$1,000	\$5,000	\$4,000	\$3,000	\$2,000
4 red/white + 0 blue/white	\$100	\$500	\$400	\$300	\$200
3 red/white + 1 blue/white	\$20	\$100	\$80	\$60	\$40
3 red/white + 0 blue/white	\$5	\$25	\$20	\$15	\$10
2 red/white + 1 blue/white	\$5	\$25	\$20	\$15	\$10
1 red/white + 1 blue/white	\$2	\$10	\$8	\$6	\$4
0 red/white + 1 blue/white	\$2	\$10	\$8	\$6	\$4

Rarely, under the game group's limitation of liability rules, a set prize amount may be less than the amount shown. In that case, the eight lowest All Star Bonus® prizes will be changed to an amount announced after the draw. For example, if the match 4+1 set prize amount of one thousand dollars becomes five hundred dollars under the game group's rules, an All Star Bonus® player winning that prize amount when a "5" has been drawn would win two thousand five hundred dollars (\$500 x 5).

5. The following table reflects the probability of the All Star Bonus® numbers being drawn:

<u>All Star Bonus®</u>	<u>Probability of Prize Increase</u>
5X - Prize won times 5	3 in 32
4X - Prize won times 4	4 in 32
3X - Prize won times 3	10 in 32
2X - Prize won times 2	15 in 32

All Star Bonus® does not apply to the grand prize. The game group may elect to run limited promotions that may modify the multiplier features.
